

# Session 0 Prep

## Prep to gather or think about.

Session 0 is meant to get you ready for the game. It is where you can ask questions, generate ideas with your fellow players and build your character store. A few things will help you in this process.

- Questions to think on
  - Who are your parents?
  - What was your childhood like?
  - Do you have hobbies?
  - What relationships (friends or foes) do you have?
  - What are you afraid of?
  - What is your motivation?

- What are your flaws/debts?
- What or who do you love?

- Things to have done
  - Signed up for D&D beyond free membership
  - Join the D&D beyond campaign
  - Watch at least 1 YouTube video on Eberron
  - Bookmark D&D Beyond and my website

These will all help you get ready for our Session 0. Don't worry about having anything figured out, this is a time to explore ideas.
